# ABOUT

ROYAL CROWN  
LAMINATES

The ★ symbol indicates new designs.  
The T1 symbol indicates premium textures.

YOUR STORY  
YOUR STORY  
YOUR STORY

Royal Crown Laminates' legacy celebrates innovation, cutting-edge technology, craft, and expertise in delivering the best and trendsetting laminate surfaces. We have grown to become a leader in every sense of the word in the laminate industry.

Our unceasing efforts with architects, interiors, OEMs, contractors, carpenters, and end consumers and an in-depth understanding of the market and its demands have strengthened our product base. Moreover, it has helped us establish ourselves as domestic and global leaders.

Regarding our product mix and innovation in designs & textures, we have set unmatched benchmarks. We constantly push to improve our products and processes to stay ahead of the competition and deliver revolutionary products. Right from offering a variety of sizes, designs, and finishes, we give our consumers the power to develop their dream homes. In addition, we have invested and developed a manufacturing unit over the years, which overshadows all modern facilities with an immaculate production capacity of over 6 million sheets per annum.

We have several company-owned warehouses across India to support our vast production capacity. In addition, we keep an extensive finished good stock for the quick delivery to all our distribution channel partners. With display showrooms across major Indian metros, over 15000 pan India dealerships, and an international reach of over 60 countries, our blazing journey is poised to progress more substantially.

# PRODUCT RANGE

# DECORATIVE LAMINATES

## ROYAL CROWN LAMINATES

Our Decorative Laminates are produced by impregnating multitude of papers including tissuepaper, decor paper, barrier paper, kraft paper with resin. The resulting sandwich is fused underheat and pressure. The fusion process creates strong bonds that contribute to our laminates'exceptional durability. The non -decorative side of the laminate is uniformly sanded by a highlyadvanced sanding machine which makes it better suited for adhesion. Aggressive qualitycontrol checks and procedures are incorporated in the manufacturing process to ensure a highquality product.

The range is carefully designed to fulfil huge range of applications from furniture to countertops to kitchen cabinets, walk in wardrobe, bathroom drawers, office furniture, schools, hotels,living room panels, or greeting you at your door. Our decorative laminate brand is the idealinterior solution. From abstracts to wood grains, from textiles to stones, from gloss surface totextures, from vertical to horizontal applications, we have it all! Abrasion resistant, mild chemicalresistant, diverse in finishes, easy clean nature of the product, makes our laminate perfectchoice for surface decoration.

### Other brand

#### XYLEM

Xylem is a collection of our premium-grade decorative laminates. Each laminate delivers inspiring, high quality, and artistic excellence to define your style.

Crown is our exquisite and cost-effective range of laminates available in 0.80mm thickness. The range is carefully designed to full-fill a huge range of applications.

0.8mm folder

### Features & Benefits

- Aesthetically Beautiful
- Scratch Resistant
- Solvent Resistant
- Impact Resistant
- Heat Retardant
- Fire Retardant
- Easy to clean & maintain
- Sustainable

## INTERIOR COMPACTS

Qbiss is a high pressure structural laminate, built up from multiple layers of kraft papers to produce laminate in thickness ranging from 2mm to 25mm. It offers strong and speedy construction, saving of space, low maintenance and improved hygiene. It has a decorative face on both sides ideal for interior use in washroom cubicles, locker doors, wall panels and laboratory furniture.

With a density of 1.45gm/cm<sup>3</sup>, our compacts are impressively strong, damage resistant, and has remarkable structure stability, requiring no substrate support in thickness over 6mm. Our compact laminate conforms to EN 438: 4 and CE ratings and meets conformity with European consumer safety, health and environmental requirements.

### Features & benefits

- Made from Anti-Bacterial grade high pressure compact laminate panel conforming to EN438
- Accessories made of Nylon Polyamide, Stainless Steel and Aluminium of International standards
- Available in standard and custom made dimension
- Wide colour range to choose from
- Hygienic and easily maintainable
- Durable and aesthetically appealing
- Fire Retardant
- Easy Installation
- Air Ventilation
- Space saving - Partition panels are only 122mm thick as compared to conventional system like 150mm thick brick wall
- Light Weight
- Resistant to cigarette burns
- Exceptional water, humidity and high temperature resistance
- Scratch and Stain Resistance
- Anti - Bacterial, Anti - Fungal and Termite Resistant

Bathroom Cubicles

Lockers

### Other applications

- Commercial, Retail and Cinemas
- Offices
- Educational Institute
- Tourist, Religious and Public places
- Healthcare, Hospitals, Pathology labs,
- Diagnostic centres
- Railway, Metro, Bus and Fuel stations
- Sports, Recreation and Wellness centres
- Factory campuses, Warehouses, Godowns,
- Film Studios and Auditoriums

# EXTERIOR COMPACTS

## CROWN XCL

XCL- Exterior Compact Laminate is a high pressure laminate, built up from multiple layers of kraft papers to produce laminate in thickness ranging from 2mm to 25mm. It has a decorative face on both sides layered with a UV protective film to safeguard the surface from sun. It is ideal for Building Facades/Cladding, Balconies, Verandah, Outdoor Benches, etc. It is particularly suited to use in high humidity and high impact area.

With a density of 1.45gm/cm<sup>3</sup>, our compacts are impressively strong, damage resistant, and has remarkable structure stability, requiring no substrate support in thickness over 6mm. CrownXCL conforms to EN 438:4 and meets conformity with European Consumer Safety, health and environmental requirements.

### Features & benefits

- Decorative
- High Weather Resistant
- Optimal Light Fastness
- Scratch Resistant
- Solvent Resistant
- Impact Resistant
- Heat Retardant
- Fire Retardant
- Easy to clean & maintain
- Sustainable
- Overall light weight structure and facade
- Quick and easy to assemble
- Increased sound proofing function (upto 15 Db)
- Decrease Air Conditioning costs
- Provide wall protection and heat insulation against atmospheric precipitation

# OTHER PRODUCTS

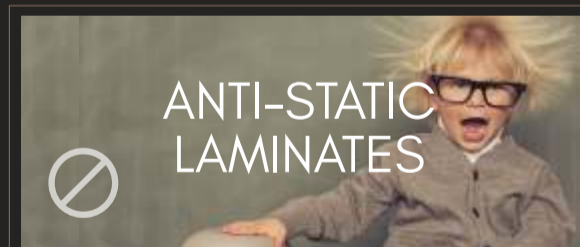

## METAL SERIES

Crown presents the Metal foil series with variants to choose from different textures. These laminates are specifically designed for vertical interior applications and work brilliantly as high lighters.

## FIRE RETARDANT LAMINATES

These Laminates are slowly gaining popularity due to its ability to retard and delay the spread of fire. These laminates can be used just about anywhere but are popular with schools and colleges.

## ANTI-STATIC LAMINATES

These Laminates are manufactured with special resin formulations to make sure they don't conduct static electricity and typical applications range from IT offices, Call Centres, Laboratories, Electronic industries and Pharmaceutical Laboratories.

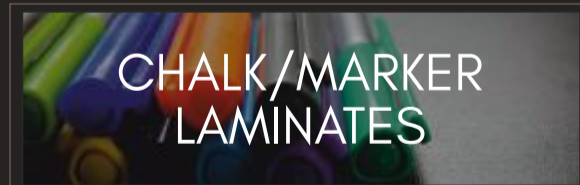

## PHENOLIC BACKERS

Phenolic Backers are produced for application to unexposed surfaces and therefore these backers are devoid of any design over the surface unlike general purpose laminates.

## COMPACT LAMINATES

This compact solid surface is manufactured from special phenolic resins. Due to the strength of compact laminate, it has properties of dimensional stability, water and weather resistance. The usage is usually in school benches, toilet cubicles, kitchen platforms, wall panelling and in other applications.

## CHALK/MARKER LAMINATES

Crown Presents Write-on Laminates which constitute of marker and chalk grade laminates. Usage ranges any where from schools, colleges to offices and other work places.

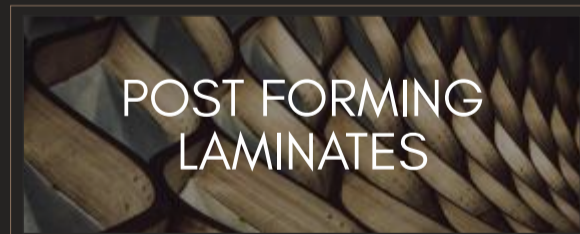

## CHEMICAL RESISTANT LAMINATES

These Laminates have special additives and protective surface film that make them spot on for usage in Laboratories, clinics and other pharmaceutical areas where interaction with chemical is a day to day affair.

## COLOUR-CORE SERIES

These Laminates are typically used in areas where the Laminate's cross section is clearly visible and therefore the cross section and the design over the surface have the same colour.

## POST FORMING LAMINATES

Post forming grade laminates are typically used in both vertical and horizontal applications and in interiors. Where the laminate is required to form or roll over different radius over the surface of the substrate.

## Distribution

Pan India Product  
Showrooms  
Dealership of 15000+ Pan India  
Presence in 60+ countries  
Warehouses round the globe

## Environment

We have invested in  
Wind & Solar power to reduce  
our carbon footprint.

Our product mixes are  
continually evolving to reduce  
our impact on the environment.  
We are members of  
FSC, Greenguard Etc.

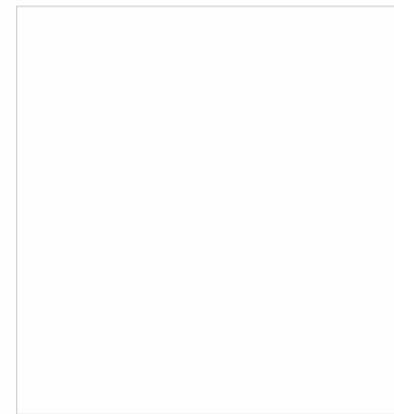

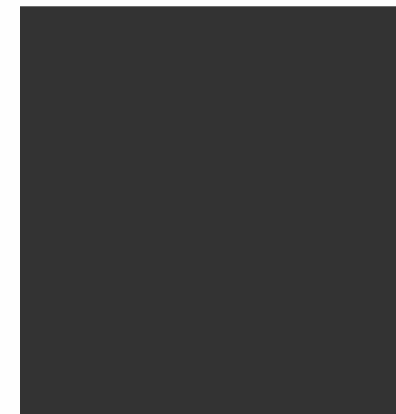

# SPOTLESS

Spotless is Royal Crown's finest Anti Finger Laminates collection. A surfacing material that is the interior's ultimate choice. A unique technology incorporated during the manufacturing process ensures that finger prints are almost never visible therefore significantly limiting the effort required for care and maintenance. This impressive and striking collection of **Anti Finger laminates are smear, smudge, impact, scratch and heat resistant**. It is perfect for the most demanding applications. The available colour palette is the complete solution for those with exclusive standards.
